Caffé Royale

Times change and people change to the times they live in.

We live in a world that is fast-paced, technology-driven and constantly pressuring us to seek instant gratification.

At Café Royale we provide an ambience of timeless beauty and class inspired by the Art Nouveau of Alphonse Mucha, where our clientele can enjoy the many invisible gifts that life constantly offers us: family, loved ones, friends and a good cup of Lavazza coffee.

At Café Royale it is our mission to offer you a genuinely pleasant experience and if for some reason we have disappointed you, please drop a note with the management or an email on: **qph@qawrapalacemalta.com** as this will help us improve and better our service.

The secret of contentment is knowing how to enjoy what you have, and to be able to lose all desire for things beyond your reach.

-Lin Yutang
